MEDICAL SCHOOL

PRIMARY CARE

INTERNAL MEDICINE

OCT 16–20

2017

CAMBRIDGE, MA

Updates, Innovations, Skills Development for PHYSICIANS, NPs, PAs

*Under the direction of
John D. Goodson, MD*

*This program is among the highest-rated
Harvard Medical School CME courses*

**Now offering
ABIM MOC Points**

**Comprehensive updates
across the full spectrum
of primary care**

**Case discussions and
problem-solving education
to address common and
complex challenges**

**Innovations to improve
diagnosis, treatment,
screening, and risk
assessment**

**Customize your
learning experience:
Choose from 48
workshops to advance
your skills and in-office
procedure techniques**

OPTIONAL HALF-DAY ADD-ON PROGRAM
**Treating Obesity in Primary Care:
Strategies and Tools to Optimize
Patient Care and Outcomes**

Register at PCIM.HMSCME.com

Updates for Clinical Practice

Now offering ABIM MOC Points

This course is designed by and for primary care clinicians with the goal to:

- Update and sharpen your knowledge base for day-to-day practice
- Provide practical clinical tips you can readily incorporate into patient care
- Empower you to innovate to improve patient outcomes
- Build your technical abilities with skills development workshops

This course will improve competence and performance as a primary care clinician, increase your knowledge of the most dynamic and clinically relevant components of general internal medicine, and help you implement better clinical decision-making strategies. Material is presented to optimize the transfer of new information to clinicians for use in patient care. The learning environment has been structured to optimize the retention of new knowledge with carefully placed presentations by focused, lively, and effective speakers known to engage learners. The course offers large and small group education free from distraction.

Who Attends

PHYSICIANS, NPs and PAs can rely on this program for comprehensive updates that ensure you are current with state-of-the-art strategies and practices for primary care medicine.

- Internists
- Family Physicians
- Specialists with primary care responsibilities
- Nurse Practitioners
- Physician Assistants
- Advanced Practice Nurses

HARVARD MEDICAL SCHOOL

This course provides a single immersive experience to ensure that you are current with the most important clinical changes and innovations impacting primary care. You will leave this course prepared to integrate these advances into daily practice.

Comprehensive clinical updates and guidance for care management in primary care, such as:

- Hypertension: How SPRINT and JNC 8 change practice
- Diabetes: New treatment strategies for improving care for the most challenging of your patients
- Cholesterol management: How to set targets and achieve goals specific to patient needs
- Anticoagulation: How to choose the correct anticoagulant for each patient
- Disease prevention and health promotion: Applying current consensus guidelines to your practice
- Cross-discipline problem solving

Hands-on demonstrations and 48 workshops through which you can customize your learning experience for your practice needs

Interactive discussions of the most important questions in primary care:

- How can you build on what you know to improve patient care?
- Guidelines: How do we assess and more effectively utilize them?
- Changes to primary care payment from MACRA: What's the impact to your practice?
- Patient engagement: How do we build greater trust with patients?
- Practice management: How should you organize your practice for patient care?
- Modern tools for patient care: How do we use medical apps and how do we protect our patients?
- The state of primary care: Rebuilding and growing our profession

Course Director

John D. Goodson, MD, Associate Professor of Medicine, Harvard Medical School, and Physician, Massachusetts General Hospital, is renowned as a teacher, an advocate and an innovator of primary care medicine, and leads national efforts to improve the work experience for primary care clinicians.

Hands-on demonstrations of best practices for common primary care procedures, such as suturing, joint examination, and injection

Choose from 48 workshops to customize your learning experience

- Practice innovation
- Pain management
- Preoperative evaluation
- Complex diabetes
- Medical marijuana
- Suturing techniques
- ENT
- Dermatology
- Ophthalmology
- Movement disorders
- GYN
- Allergies
- Atrial fibrillation
- Thyroid disease
- Prostate conditions
- Joint examination skills
- Joint injection skills
- Incontinence management
- Travel medicine

Register at PCIM.HMSCME.com

Agenda

Learning Objectives

Upon completion of this activity, participants will be able to:

- Apply improved strategies in the outpatient care of the most common conditions: hypertension, diabetes, and hypercholesterolemia
- Assess the clinical value of specific diagnostic tests used in general internal medicine and specialty practices, including test sensitivity, specificity, and predictive values
- Identify the disease-prevention and health-promotion goals of general internal medicine
- Recognize the side effects and interactions among medications prescribed by general internists and specialty physicians
- Discuss the expected results of therapies and summarize the current treatment strategies for common conditions in medical and nonmedical specialties, including cardiovascular, pulmonary, neurologic/neurovascular, endocrine, ophthalmic, orthopedic, immunologic, reproductive, dermatologic, gastrointestinal, hepatic, geriatric, psychiatric, metabolic, and sleep medicine
- Describe clinical strategies for optimal pain management, including opioid and buprenorphine treatment
- Apply evidence-based palliative care strategies in clinical practice
- Develop new and innovative skills in clinical problem-solving strategies to achieve better patient outcomes
- Understand the implications of MACRA for clinical practice and quality of care
- Undertake practice-based quality improvement projects
- Design new strategies for patient interaction and shared decision making

MOC STATEMENT

Successful completion of this CME activity enables the participant to earn up to 34.00 MOC points and 1.50 patient safety credits in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC points.

Disclaimer: CME activities sponsored by Harvard Medical School are offered solely for educational purposes and do not constitute any form of certification of competency. Practitioners should always consult additional sources of information and exercise their best professional judgment before making clinical decisions of any kind.

Monday, October 16

6:30	Registration and Continental Breakfast
7:15	Introduction and Welcome John D. Goodson, MD
7:30	State-of-the-Art Primary Care: Staying Current with Advances, Innovations, and Controversies* John D. Goodson, MD
8:30	Advanced Treatment Choices for Ischemic Heart Disease Eric M. Isselbacher, MD
9:30	Screening and Vaccination Updates Kerri Palamara, MD
10:30	<i>Coffee Break (Refreshments provided)</i>
10:45	Treating Tobacco Use: Where Are We Now? Nancy A. Rigotti, MD

B3	Management of Difficult Behavioral Symptoms in Patients with Dementia and Delirium* (Repeated Session A3) James M. Ellison, MD, MPH
B4	GYN Case Studies Honor MacNaughton, MD and Hannah Biederman, MD
B5	Using Risk Calculators for Decision Support* Leigh H. Simmons, MD 
B6	Foot and Ankle Problems (Repeated Session E6) Harry P. Schneider, DPM, FACFAS 
B7	HIV Update for Primary Care Nesli O. Basgoz, MD
B8	Therapeutic Approaches to the Knee (Repeated Session D8) Jason A. Freedman, MD 
6:30	Daily Program Ends

Agenda

Tuesday, October 17

- 6:30 **Continental Breakfast**
- 7:30 **Active Management of Chronic Kidney Disease**
David J. R. Steele, MD
- 8:30 **Contemporary Management of Heart Failure**
Gregory D. Lewis, MD
- 9:30 **Acute Stroke Therapy: What Primary Care Clinicians Need to Know**
Galen V. Henderson, MD
- 10:30 *Coffee Break (Refreshments provided)*
- 10:45 **Optimal Asthma Care in 2017**
Christopher H. Fanta, MD
- 11:45 **Current Strategies for Lipid Management: Goals and Therapy Choices**
Jorge Plutzky, MD
- 12:45 *Lunch Break*
- 1:30 **Current Approaches to Anemia**
Lisa B. Weissmann, MD
- 2:30 **Non-Alcoholic Fatty Liver Disease**
Michelle J. Lai, MD
- 3:30 *Break (Refreshments provided)*
- 4:00 **Case-Based Workshop Sessions C1-C8**
- C1 Case Studies in Abdominal Pain**
Lawrence S. Friedman, MD
- C2 Mindfulness in Practice: When, How, and Why**
A. Sasha Oxnard, MD, MPH
- C3 Wrist and Hand Complaints: Evaluation and Treatment** 
Charles Day, MD, MBA
- C4 Suturing in Your Office** (Repeated Session D4) 
James K. Takayesu, MD, MS
- C5 Opioid and Buprenorphine Management***
Kevin D. Kapila, MD
- C6 Case Studies from Anesthesia for Primary Care**
Wendy L. Gross, MD
- C7 The Prostate and Its Challenges**
Heidi Rayala, MD, PhD
- C8 Primary Care Office Emergencies**
Edward A. Ullman, MD
- 5:10 *Break*
- 5:20 **Case-Based Workshop Sessions D1-D8**
- D1 Concussions: On the Field and in the Office**
Patricia A. Gibbons, MD
- D2 Female Urinary Incontinence**
Emily C. Von Bargen, DO
- D3 Challenges in Opioid Prescribing for Chronic Non-Cancer Pain*** (Repeated Session E3)
Richard J. Pels, MD
- D4 Suturing in Your Office** 
(Repeated Session C4)
James K. Takayesu, MD, MS
- D5 Dermatology A-Z: A Refresher for Primary Care**
(Repeated Session A5)
Daniela Kroshinsky, MD, MPH
- D6 Important 2017 Updates for Travel Medicine**
Regina C. LaRocque, MD, MPH
- D7 Case Studies in the Treatment of Movement Disorders**
Albert Hung, MD, PhD
- D8 Therapeutic Approaches to the Knee** 
(Repeated Session B8) Jason A. Freedman, MD
- 6:30 **Daily Program Ends**

Wednesday, October 18

- 6:30 **Continental Breakfast**
- 7:30 **Managing Menopause amid Controversy**
Karen J. Carlson, MD
- 8:30 **The Challenges of Impaired Cognition, from Onset to Established Dementia**
Andrew E. Budson, MD
- 9:30 **COPD and Interstitial Lung Disease**
Walter J. O'Donnell, MD
- 10:30 *Coffee Break (Refreshments provided)*
- 10:45 **Curbside Antibiotic Choices in Outpatient Practice**
Benjamin T. Davis, MD
- 11:45 **Hepatitis**
Raymond T. Chung, MD
- 12:45 **Lunch and Learn (Lunch Provided)**
Live presentation, *New England Journal of Medicine* Clinical Pathology Conference (CPC): Reaching the Right Diagnosis for the Most Difficult Cases
Eric S. Rosenberg, MD
- 2:30 **Updates in Headaches: Assessment and Treatment***
Rebecca C. Burch, MD
- 3:30 *Break (Refreshments provided)*
- 4:00 **Case-Based Workshop Sessions E1-E8**
- E1 Ophthalmology in Primary Care**
Claudia U. Richter, MD
- E2 Therapeutic Approaches to the Shoulder** 
(Repeated Session F2)
Christopher C. Smith, MD
- E3 Challenges in Opioid Prescribing for Chronic Non-Cancer Pain*** (Repeated Session D3)
Richard J. Pels, MD
- E4 Preoperative Medical Evaluation**
(Repeated Session A4) Meridale V. Baggett, MD
- E5 Fluid and Electrolyte Abnormalities**
Melanie P. Hoenig, MD
- E6 Foot and Ankle Problems** 
(Repeated Session B6) George H. Theodore, MD
- E7 Allergy and Urticaria: How to Respond to Patient Needs** James A. MacLean, MD
- E8 Palliative Care: Your Central Role with the Very Ill***
Vicki A. Jackson, MD, MPH
- 5:10 *Dinner Break*
- 7:00 – 8:30 pm
Evening Session
Clinical Practice Improvement from the Ground Up
Robert S. Janett, MD

Agenda

Thursday, October 19

- 6:30 **Continental Breakfast**
- 7:30 **Medical Management of Osteoporosis and Effective Communication to Reduce Fracture Risk**
John D. Goodson, MD
- 8:30 **Differential Diagnosis of Polyarthritis**
Robert P. Friday, MD, PhD
- 9:30 **Optimizing Treatment and Care of Your Patients with Diabetes** David M. Nathan, MD
- 10:30 *Coffee Break (Refreshments provided)*
- 10:45 **Hypertension: Controversies, Challenges, and Treatment Goals** Gerald W. Smetana, MD
- 11:45 **The Diagnosis of Movement Disorders in Primary Care**
Martin A. Samuels, MD
- 12:45 **Lunch and Learn (Lunch Provided)**
Primary Care Payment Update in the Time of MACRA John D. Goodson, MD
- 2:30 **New Anticoagulant and Antiplatelet Agents**
Rachel P. Rosovsky, MD
- 3:30 *Break (Refreshments provided)*
- 4:00 **Case-Based Workshop Sessions F1-F8**
- F1 Challenging Patients** Jennifer E. Potter, MD
- F2 Therapeutic Approaches to the Shoulder** (Repeated Session E2) Thomas J. Gill, MD 
- F3 Case Studies in Office Endocrinology**
J. Carl Pallais, MD, MPH
- F4 Lower Back Pain: Evaluation and Treatment Techniques*** Joanne Borg-Stein, MD 
- F5 Diabetes Workshop: Developing Strategies for the Most Difficult Patients in Your Practice**
Deborah J. Wexler, MD
- F6 Contraception: Common Problems Faced in Office Practice**
Jane S. Sillman, MD
- F7 Using Patient-Facing Apps to Address Specific Clinical Situations** David Shein, MD 
- F8 Case Studies in Pulmonary Medicine**
Adam W. Gaffney, MD
- 5:10 **Daily Program Ends**

Hands-on or clinical innovation workshop

**Meets criteria for Risk Management credit in Massachusetts.*

Program changes/substitutions may be made without notice. To view the most up-to-date version of the course program, please visit the course website.

Friday, October 20

- 6:30 **Continental Breakfast**
- 7:30 **The Four Pillars of Lifestyle Medicine: Knowledge, Skills, Tools and Self-Care**
Edward M. Phillips, MD
- 8:30 **GERD, Ulcer Disease and Celiac Sprue**
Kyle D. Staller, MD, MPH
- 9:30 **What You Need to Know about Diseases of the Colon: IBS and IBD** Adam S. Cheifetz, MD
- 10:30 *Coffee Break (Refreshments provided)*
- 10:45 **Sleep Disorders: Assessment and Therapeutic Options** Matt T. Bianchi, MD, PhD
- 11:45 **Updates in the Treatment of Depression**
Anne D. Emmerich, MD
- 12:45 **Course Concludes**

Friday Afternoon, October 20

Optional Half-Day Add-On Program

Treating Obesity In Primary Care: Strategies and Tools to Optimize Patient Care and Outcomes

- 1:45 **The Relevant Science of Obesity**
Setting the Stage for Greater Success
Lee M. Kaplan, MD, PhD
- 2:20 **Addressing Obesity in Primary Care**
Enhancing Clinical Value, Preserving Operational Efficiency
Sriram Machineni, MD
- 2:55 **Lifestyle-Directed Anti-Obesity Therapy**
Optimizing Engagement, Improving Outcomes
Sriram Machineni, MD
- 3:30 *Break (Refreshments provided)*
- 3:45 **Pharmacological Treatment of Obesity**
Who, What and How?
Lee M. Kaplan, MD, PhD
- 4:20 **Surgical Treatment of Obesity**
Who, What and When?
Lee M. Kaplan, MD, PhD
- 5:00 **Add-On Program Ends**

PRIMARY CARE

INTERNAL MEDICINE

OCT 16–20
2017
CAMBRIDGE, MA

Comprehensive updates across all major areas of primary care and guidance to integrate them into practice for improved patient outcomes

Cardiovascular disease	COPD	Hematologic disorders
Diseases of the colon	GERD	Osteoporosis
Cerebrovascular disease	Asthma	Kidney disease
Hypertension	Headaches	Cholesterol management
Liver disease	Polyarthritis	Sleep disorders
Cognitive decline	Pain control	Depression and anxiety

Full agenda inside

Earn up to

- 45.75 AMA PRA Category 1 Credits™
- 45.50 Prescribed credits from the AAFP
- 13.50 Risk Management credits, including:
 - 6.25 credits of Opioid Education and Pain Management Training
 - 1.25 credits of End-of-Life Care Studies
- **34.00 ABIM MOC Points**

Accreditation

The Harvard Medical School is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The Harvard Medical School designates this live activity for a maximum of 45.75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

AMERICAN ACADEMY OF FAMILY PHYSICIANS

This Live activity, Primary Care Internal Medicine 2017, with a beginning date of 10/16/2017, has been reviewed and is acceptable for up to 45.50 Prescribed credit(s) by the American Academy of Family Physicians. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

RISK MANAGEMENT

This activity meets the criteria of the Massachusetts Board of Registration in Medicine for 13.50 credits of Risk Management Study. This includes 6.25 credits of Opioid Education and Pain Management Training and 1.25 credits of End-of-Life Care Studies. Please check with your individual state licensing board requirements before claiming these credits.

CANADIAN ACCREDITATION

The Royal College of Physicians and Surgeons of Canada recognizes conferences and workshops held outside of Canada that are developed by a university, academy, hospital, specialty society or college as accredited group learning activities.

EUROPEAN ACCREDITATION

Through an agreement between the American Medical Association and the European Union of Medical Specialists, physicians may convert AMA PRA Category 1 Credit™ to an equivalent number of European CME Credits® (EC-MECs®). Information on the process of converting AMA PRA Category 1 Credits™ to ECMECs® can be found at: www.eaccme.eu.

HARVARD MEDICAL SCHOOL

This program sold out in 2016. Early registration for the 2017 program is strongly recommended

Primary Care Internal Medicine

October 16–20 • Cambridge, MA

Course #732255-1801

	Register after September 20, 2017	Register on or before September 20, 2017
Physicians	\$1,675	\$1,575 (SAVE \$100)
Trainees or Allied Health Professionals	\$1,575	\$1,475 (SAVE \$100)
Treating Obesity in Primary Care <i>Friday, October 20, 1:45 pm – 5:00 pm</i>	\$175	\$150 (SAVE \$25)

Tuition includes all breakfasts, morning and afternoon refreshments, lunches on Wednesday and Thursday, and a special program on Wednesday evening. Complimentary internet access will be provided in the meeting room throughout the course.

All attendees of Primary Care Internal Medicine will receive a flash drive containing course materials. You can purchase a printed copy of these materials at the time of registration for \$50, or on site at the course for \$90.

Registration, Payment, Confirmation and Refund Policy

Registrations for Harvard Medical School CME programs are made via our secure online registration system. To register for this course, please visit the course website at PCIM.hmscme.com.

At the end of the registration process, a \$5 non-refundable processing fee will be added to your registration, and you will have the choice of paying by check or credit card (Visa, MasterCard, or American Express). If you are paying by check (draft on a United States bank), the online registration system will provide you with instructions and a printable form for remitting your course fees by check. Postal, telephone, fax, and cash-payment registrations are not accepted. All fees shown in USD.

Upon receipt of your paid registration, an email confirmation from the HMS GCE office will be sent to you. Be sure to include an email address that you check frequently. Your email address is used for critical information, including registration confirmation, evaluation, and certificate. Refunds, less an administrative fee of \$75, will be issued for all cancellations received two weeks prior to the start of the course. Refund requests must be received by email. No refund will be issued should cancellation occur less than two weeks prior. "No shows" are subject to the full course fee and no refunds will be issued once the conference has started.

Venue

Boston Marriott Cambridge Hotel
Two Cambridge Center
50 Broadway
Cambridge, MA 02142
Telephone: +1 617-494-6600

This program is among the highest-rated Harvard Medical School CME courses. Early registration is strongly recommended.

Accommodations

A limited number of rooms have been reserved at the Boston Marriott Cambridge Hotel until Friday, September 22, 2017. To make reservations by phone, call 800-228-9290. When calling the hotel, be sure to specify that you are enrolled in this activity using Group Code HMS to receive a special group rate.

Hotel reservations can also be made online by September 22 by going to the course website at PCIM.HMSCME.com and clicking on the dedicated link on the Venue page.

Please do not make non-refundable travel arrangements until you've received an email from the HMS GCE office confirming your registration.

Questions? Call 617-384-8600 Monday-Friday 9am – 5pm (ET) or send an email to CEPrograms@hms.harvard.edu
